Breakfast and Lunch Information for 2011/12

SLVUSD Student Nutrition Services believes that good nutrition fosters life long habits of healthy eating. We are committed to providing students with access to a variety of affordable, nutritious and appealing foods that meet their health and nutrition needs.

Improving the foods and services available on our campuses is a continuous process that takes fine-tuning, commitment and support from parents, teachers, staff and administrators. As we work toward ensuring that our menus meet strict nutritional guidelines and the SLVUSD Wellness Policy, we celebrate our successes and look forward to making more progress.

The Student Nutrition Program is a State and Federally funded program, which must adhere to specific regulations. SLVUSD Student Nutrition Services prides itself on meeting or exceeding its professional application of these guidelines, while still meeting the needs of the students and families.
